

APPLICATION FOR COLLEGE CREDIT EARNED IN HIGH SCHOOL

Student Instructions:

- Submit one form for each college course you have completed.
- Part I: To be completed by student, then forwarded to high school with an addressed envelope for the high school to forward on to the college where course work was completed.
- Part II: To be completed by high school official, then forwarded to the offering college.
- Part III: To be completed by offering college official and returned as a completed form to the CALS Student Services Office (see above for contact information).
- If you would like the course to count towards a major requirement, please contact your major/home department directly to learn about their review process.
- Students are limited to 30 [credit placement by exam](#) credits (this includes all non-Cornell credit earned before a student’s first semester in a college/university **effective fall 2019 the limit will be 15 credits.*)

Please note: Incomplete applications can **NOT** be evaluated.

Complete forms will be evaluated in 5-10 business days.

Before completing this form, please review Cornell’s policy on college credit completed in high school, *non-Cornell credit is accepted by CALS when:*

- the credits are earned at an accredited institution;
 - Please note: “Cornell University does not accept credit for courses sponsored by colleges but taught in specific sections to high school students, even if the college provides a transcript of such work.”
- The course is taken on a college/university campus or online with matriculated degree students, and is taught by a college/university professor.
- the credits do not duplicate course work already completed at Cornell;
- the credits have not been applied toward high school graduation or CALS admissions requirements
- the grade earned is “C” or better; and
- an official transcript is sent directly to the CALS Student Services Office from the college/university where the credits were completed.

ADDITIONAL COMMENTS (OPTIONAL)

The College of Agriculture and Life Sciences and Cornell University reserve the right to determine, in their sole discretion, whether course credit earned at other schools, either secondary or post-secondary, meet the College's and the University's academic standards and will therefore be eligible to be applied toward Cornell degree requirements. Applicants and matriculated students should not assume that, because a particular course taken at another school is listed as a recommended course or a foundational course, it will necessarily be eligible for Cornell credit.
